

TG PatientSupport™

TG Patient Support is a comprehensive program that provides you with resources and information to help you access and manage your medication, including:

- Education about your treatment with UKONIQ™ (umbralisib)
- Help understanding your current insurance coverage, how much your prescription will cost you, and your eligibility for financial assistance programs

There is no cost for using
TG Patient Support.

Supporting You Through Treatment

What Is **TG Patient Support**?

TG Patient Support is a comprehensive program that provides information and support to help you with accessing and understanding your treatment.

TG Patient Support understands that every patient journey is unique, and we have a variety of program offerings that may be able to help you based on your individual needs, such as:

- Insurance support, including verifying your insurance coverage and how much you may need to pay for your medication
- Information about financial assistance options for eligible patients
- Educational support to help you understand your UKONIQ™ (umbralisib) prescription and prepare for your therapy based on the treatment plan that you and your healthcare provider have established

Visit Ukoniq.com/patient/patientsupport to learn how to enroll now.

Who Is My Dedicated Care Team at TG Patient Support?

At TG Therapeutics, We Want to Help You Access the Medication Your Healthcare Provider Has Prescribed

TG Patient Support provides financial assistance options that may help you with the cost of UKONIQ™ (umbralisib). Your dedicated case manager, who has extensive insurance expertise, will be your primary point of contact to help you understand your current insurance coverage, how much your prescription will cost you, and your eligibility for financial assistance programs, including:

- ✓ If you have commercial health insurance (also referred to as private insurance) coverage, you may qualify for the **commercial copay program**. Eligible patients will pay as little as \$5* per prescription (up to an annual maximum).
- ✓ If you have state or federally funded insurance coverage from Medicare or Medicaid, but still have trouble paying for your prescriptions, TG Therapeutics can provide you with a list of financial assistance options from **independent charitable organizations**.
- ✓ If there is a delay or lapse in your insurance coverage, your prescriber may request temporary assistance through our **Quick Start** and **Bridge Programs**.
- ✓ If you do not have insurance coverage or if you are underinsured, you may qualify for the **Patient Assistance Program** if you meet certain financial eligibility criteria.†

Your case manager will be available to help answer any questions that you may have.

*Up to the annual maximum program benefit for \$25,000 per patient, per calendar year. Patients must have commercial health insurance (also known as private insurance) that provides coverage for UKONIQ. Patients must meet all other Terms and Conditions of the program. Visit <https://www.TGCommercialCopayProgram.com> for full Terms and Conditions.

†Patients must meet certain eligibility criteria to qualify for the Patient Assistance Program. Eligible patients must be uninsured or underinsured with an annual family gross income equal to or less than 600% of the current federal poverty level.

Who Is My Dedicated Care Team at TG Patient Support?

TG Patient Support Provides Individualized Support From a Team of Professionals

TG Patient Support Nurses will provide you with information and education about your prescribed medication, UKONIQ™ (umbralisib).

You may receive an initial phone call from your TG Patient Support nurse to help you understand what to expect from your medication.

You can call TG Patient Support with product questions. If you're calling after business hours, you may leave a message and you will receive a callback within 1 business day.

Our TG Patient Support nurses provide product support on behalf of TG Therapeutics. They do not provide medical advice. You will be directed to your healthcare professional for any questions related to your treatment plan and for medical advice.

Getting Started With UKONIQ™ (umbralisib)

STEP 1

Enroll in the Patient Support Program

Visit [Ukoniq.com/patient/patientsupport](https://ukoniq.com/patient/patientsupport) to download the patient enrollment form

OR

Ask your healthcare provider about signing up

Both you and your healthcare provider will need to fill out and sign portions of the enrollment form.

STEP 2

Introductory Call

Your dedicated case manager will reach out to explain what to expect for enrolling in the program.

STEP 3

Checking Your Insurance Coverage for UKONIQ

Your case manager will call your insurance company to gather coverage details for your prescribed medication, UKONIQ. They will also help you understand your eligibility for financial assistance options.

STEP 4

Your Prescription Is Filled

- There are two main ways you may receive UKONIQ:
 - Your physician may dispense the medication in the office
 - Your physician may submit your prescription to a specialty pharmacy, who will deliver medication straight to your home
- You may receive a call from the specialty pharmacy or your healthcare provider to get additional information needed to finish filling your prescription
- The specialty pharmacy or your healthcare provider will provide you with information about any remaining cost you may need to pay for your prescription

STEP 5

Product and Disease Education

- You may receive information and educational support about your diagnosis and UKONIQ from your TG Patient Support nurse

How to Enroll Now in the Patient Support Program
